

How Courses you take at Cesar Ritz transfer back to Umass			
You should plan the courses you will take at UMass before you study abroad, the courses you will take at Cesar Ritz, and the courses that you will take when you return to UMass so you will graduate as planned.			
You need to meet with Isenberg advising and have them approve your Cesar Ritz courses.

Notes:			
Students cannot take the 1-credit Industry Experience course for an UL HTM elective (3 credits minimum)			
Most, but not all, courses are offered during all terms. Some mixing of courses among terms can be achieved with permission from Isenberg advising.			
Successful completion of the Cesar Ritz work experience earns 6 upper level elective credits and satisfies the HTM work experience requirement			
HTM 444 Strategic Hotel Management class cannot be taken in study abroad, because it's an integrative experience (capstone) class. So if the students take it abroad, we can transfer the credit but they still have to take HTM 444 at UMass.
