

# Community Leadership Council for Students

ACES Community  
Leadership Council

**STUDENTS**

The Isenberg Community Leadership Council for students looks to advocate for all students by providing a broad range of voices with the goal of maximizing the accessibility of college resources. The council provides insight into pressing student issues and concerns and provides feedback on priorities and policies impacting the student experience at Isenberg. In addition, the council strives to enhance the relationship between students and the school administration and equips students with the knowledge, support, and resources to become successful student leaders at Isenberg.
