The Business Collection is a tremendous source of information for interview preparation and career exploration, and can be accessed here: [http://guides.library.umass.edu/business](http://guides.library.umass.edu/business).

The Chase Career Center recommends students use IBISWorld, Hoover’s Reports and Career Insider for industry, company and position research (see reverse).

For assistance using these or other library resources, contact Steve McGinty, Business Librarian, at smcginty@library.umass.edu, or speak with your Chase Career Coach.
